

## Federal Direct Student Loan 2015–2016 Interest Rates

Knowing and understanding the interest rates of your federal student loans is an important step in navigating the path to financial success.

- **Who sets interest rates for federal student loans?**

Congress sets interest rates on Direct Loans from the U.S. Department of Education through legislation that ties the rate to financial markets. Your student loan servicer does not set your student loan interest rate and cannot change it.

- **The average federal student loan debt of a 4-year college student is \$26,830\*.**

Use the charts on the back to help estimate your monthly payment amount.

**For Federal Direct Student Loans with a first disbursement date between July 1, 2015 and June 30, 2016, the following rates are fixed for the life of the loan:**

**Direct Subsidized Loans and Direct Unsubsidized Loans for Undergraduate Students**

**4.29%**

**Direct Unsubsidized Loans for Graduate and Professional Students**

**5.84%**

**Direct PLUS Loans for Parents of Undergraduate Students and Direct PLUS Loans for Graduate/Professional Students**

**6.84%**
